Dear Martha,

As a staunch progressive, I hope to be considered for Grassroots Northshore's endorsement process. I am running in district 16, which includes neighborhoods from Riverwest, Bronzeville, Downtown, Lindsey Heights, Amani, to Franklin Heights. The district includes "53206", which is known to be the most distressed neighborhood in Wisconsin. As a lawyer from the public defenders office with an economics and finance background, I know I will be a better representative to the district.

Best regards,
Edgar
