

Senate District 1

Have you had a chance to sign the petition that invests in our public schools and local communities?

We need more signatures to put Great Schools, Thriving Communities on the ballot. It will raise **\$1.6 billion** for public education and help us get closer to the national average.

- All Colorado students will benefit, including those who are most vulnerable
- Funds full-day kindergarten
- It will also **improve our tax code by making it more fair and more sustainable.**
 - Creates a graduated income tax structure that would result in all Coloradans paying a more similar percentage of their incomes into state and local taxes
 - Provides property tax relief to farmers, ranchers and business property owners who have been carrying a larger burden with property taxes
 - Addresses the loss in local share for school districts by locking in property tax rates at what is currently third lowest in the nation
