ONLY THE GREENS ARE HOLDING THE CITY COUNCIL TO ACCOUNT

Green Party
for the common good

- **Only the Greens are standing up to the Council** and proposing practical alternatives
- **The Council can afford to invest in our community facilities** (it recently agreed to spend £4m on a car park extension)
- **We have a better plan** - more affordable housing on Cave St, no loss of community space at Princes Street, refurbished facilities
- Greens say **NO to bulldozing EOCC!**
