About GetUp

GetUp is a movement of over 1 million everyday people working towards a more fair, just and flourishing Australia. We're a not-for-profit and independent organisation, and we're not aligned with any political party.

By combining the power of 1 million members, movement partners and a team of expert strategists, we do whatever it takes to have extraordinary impact.

What do we work on?

Every year, GetUp members vote to prioritise the issues that matter most to them. Over the last ten years, our key pillars of work have been:

Human Rights: fighting against Australia's cruel offshore detention regime. Pushing for fairer treatment of people seeking asylum and for a more multicultural Australia.

Economic Fairness: campaigning for an economy and democracy that puts people first – instead of the interests of billionaires and large corporations.

Environmental Justice: taking action against global warming and repowering our communities with clean energy, not dirty coal and gas.
