## "THE POKIES PEOPLE"

In 2016-17, Victorians lost \$669m on Woolworths poker machines and 69 of our 81 Victorian pokies venues were open at 2am this morning

**In 2016-17, the share of profit from our company's pokies pubs topped 10% for the first time. (\$230m out of \$2326m EBIT)**

**That's because Woolworths is Australia's biggest pokies operator with more than 12,000 machines in 330 venues around Australia.**

**And Australians are the world's biggest gamblers in per capita terms with annual losses of \$23 billion**

*Woolworths cannot be a family-friendly business whilst reaping huge profits from a product that is devastating Australian families every day.*

**STOP WOOLWORTHS BEING THE POKIES PEOPLE**

## The 51 Woolworths pokie pubs open 20 hours a day, every day
