

**Colorado Citizens Initiative #12 "Right to Health Care"
Ballot Question for November 2014**

“Shall there be an amendment to the Colorado constitution concerning the provision of one public health insurance program to allow all Colorado residents access to a single standard of health care as a matter of human right and public good, and, in connection therewith, requiring the General Assembly to enact legislation creating a public health insurance plan, requiring the Colorado department of revenue to collect a premium not to exceed 9% of an individual’s income to fund the plan, and prohibiting the control or administration of premiums by a for-profit, nonpublic entity or corporation?”
