

Join the Movement for

The Colorado Universal Health Plan

The Children's Defense Fund found 155,000 Colorado children needing coverage in 2011.

As a pediatric surgeon at Johns Hopkins Children's Center, Fizan Abdullah says:

"If you are a child without insurance, if you're seriously ill and end up in the hospital, you are 60 percent more likely to die than the sick child in the next room who has insurance."

In 2012, 15,000 doctors and med students from 50 states joined the "Patients Over Politics Bus Tour."

Their message: *"Stop messing with health care reform because people's lives are at stake."*

Dr. Evan Saulino said, *"I got involved in health advocacy when I lost two of my patients in 2006. They died because they did not have coverage or affordable access to the care they needed, despite both working full time."*

The Colorado Universal Health Plan

will cover EVERYONE in Colorado with publicly-funded health insurance (a "single-payer" plan).

- AFFORDABLE PREMIUMS, based on your income and family size
- CHOOSE your own medical provider and hospital
- COMPREHENSIVE coverage
- Emphasis on PREVENTION
- REDUCED COST of health care
- CHANGING JOBS? You take your coverage with you!
- GOAL: Healthy Colorado citizens!
