

Susan Lockwood
for
Delaware Township Committee

I've been blessed to live in Delaware Township with my husband Russ for more than 30 years. I'm honored to serve our residents, first as a volunteer and now as a Township Committeewoman seeking re-election.

I am committed to continuing our Open Space program. Since first elected, I've helped to preserve 4,322 acres of farmland and almost 3,000 acres of additional open space. Not only does that preserve our quality of life, but it also helps to avoid the taxes associated with development. I have attended the first and each subsequent meeting to oppose the PennEast pipeline and will continue the fight to prevent the taking of beautiful property -- including preserved farmland -- for private gain.

Leadership Roles:

- Environmental Commission member since 1987
- March on Litter volunteer: Since 1987
- Volunteer Organizer: Township 175th Anniversary Celebration
- First elected to Township Committee in 1996
- Mayor in 2016, 2008, and 2003
- Editor of The Bridge Newsletter since 1996
- Open Space Committee and Pipeline subcommittee member
- Founding member Delaware Township Historical Society
- Volunteer of the Year 2004
