

Dr. John T. Dawson
for
Raritan Township Committee

Doctor Dawson is an aviation leader specializing in organizational risk management and leadership development. Captain Dawson is immersed in developing effective learning modalities that systematically and substantially propel organizations performance. Captain Dawson is a talented communicator and is known for illustrating a clear process that will make any organization more efficient and effective at mitigating risk, identifying adverse cultural practices, and cultivating a winning leadership team.

Doctor Dawson has held many leadership positions throughout his career, and some have had global outreach. As a former united states marine corps officer and marine corps naval aviator, to include service with the air force and air national guard, Doctor Dawson has flown a variety of aircraft from helicopters to heavy multi-engine airplanes. His skills as an aviator are without reproach. Doctor Dawson retired from military with 23 years of honorable service at a rank of lieutenant colonel. While serving in the military Doctor Dawson has led and planned many missions during his tenure. Some of the highlights of his career are his service as a search and rescue (SAR) pilot and his acknowledgement by his superiors as being an instrumental leader in multiple complex federal emergency management agency (FEMA) deployments and coordination for the papal visit.

Doctor Dawson's pursuit to make things better and more efficient have led him to a lifelong quest to learn and share with others. Doctor Dawson earned a Doctorate from the university of Pennsylvania, a Master of Business (MBA) administration from Colorado state university, and his bachelor's degree from Morehouse college. Doctor Dawson attends seminars in business and leadership development and is cognizant of effective and non-effective communication skills within organizations.

Doctor John T. Dawson is currently serving as a Captain on the Boeing 737 aircraft with united airlines. While at united, Captain Dawson has flown the following Boeing aircraft: 737, 757, 767, and 777.
