## STUDENT GLOBAL AIDS CAMPAIGN

# JOIN THE MOVEMENT

**WHAT:** Student activists are convening for a three day event of skill sharing and practice. To achieve global health equity, we must raise our voice in effective advocacy. Digital organizing, interacting with media, how to meet with your member of congress, non-violent civil disobedience training, organizing 101 and more will all be covered! No previous experience necessary. Then, we will meet with our Congressional offices on Capitol Hill!

**WHEN:** September 30-October 2

**WHERE:** Washington D.C.

Registration required, free to attend.

**Questions?** Contact [emily@healthgap.org](mailto:emily@healthgap.org)
