

Hearst Elementary School

Pre-K is a few weeks into our study of trees and we have already learned so much! Isabel knows that “you have to take care of trees! They are really important for the environment!” Rufael let us know that “evergreen trees are green all the time.” Reggie says, “Trees are here to help give us more lifetimes and help your brain remember about evergreen and deciduous trees!” We also took our knowledge of trees to write a poem “A Tree Can Be...” A tree can be a home for creatures (Sophia G.). A tree can be a back-scratcher (Liam). A tree can be shade (Stanley). A tree can be paper (Ivy). A tree can be there to protect animals (Paul). A tree can be a safe place (Nikita). Hug a tree today!
