

Hearst Elementary School

Ms. Molino's 3-5 Communication & Education Support (CES) class is ready for spring weather! This month, we learned many new spring words, such as "garden" and "dig." What about the vocabulary words "ice cream" and "frozen yogurt"? Words we often hear as the weather warms up. We will soon take a field trip for frozen yogurt with Ms. A., Mr. Ryan and our teachers. This will give us a meaningful opportunity to practice sequencing, paying with money, following multi-step directions and utilizing public transportation. "I will pay with one-dollar bills!" said Briana Roye-Jones. How much money should we bring? Whose frozen yogurt will weigh the most? The possibilities are endless!
