

Turbine Model Data:

Turbine Model:	Hub Height:	Blade Tip Height:	Closest Turbine:	Furthest Turbine:
Vestas V162	126.5M (415')	207.5M (680')	0.74 Mile	6.8 Miles

Turbine Model Data:

Turbine Model:	Hub Height:	Blade Tip Height:	Closest Turbine:	Furthest Turbine:
Vestas V126	88M (289')	151M (495')	0.74 Mile	6.8 Miles

Heritage Wind Energy Facility

Town of Barre, Orleans County, New York

Wind Turbine Size Comparison

Note: The conditions represented in this visualization are not representative of the location and character of the Heritage Wind Project site. Rather, they are intended to demonstrate the various turbine sizing options. In accordance with section 1001.24 of the Article 10 regulations, visual simulations will be produced as a part of ongoing studies to determine the potential impacts associated with the Heritage Wind Project.
