The HFEE is thrilled to be involved in this current project which enhances the performing arts programs in our schools. We are so appreciative of our donors, past and present, whose support has helped HFEE carry out its mission to bring educational excellence to each and every school in the District.

This fundraiser is not endorsed by Holmdel Township Board of Education.

THE HFEE IS PROUD TO KICK OFF ITS BIGGEST
CAMPAIGN OF THE YEAR,

**THE PERFORMING ARTS CENTER (PAC) 21st
Century Stage Enhancements Fund Drive!**

**All funds raised will help to fulfill a
commitment to provide the Holmdel High
School PAC with new Stage Lighting.**

This is a fundraiser that we will be conducting with
the help and talent of the Holmdel High School Art
Honor Society students.

*All of our generous donors will have their names
and donation level included in the design of a mural
that will be created by our talented art students.
This beautiful mural will be painted on the vestibule
wall immediately adjacent to the PAC.*

Our PAC is the hub of our school district, where all
of our students have or will, in the very near future,
have the proud opportunity to perform on its stage,
receive a sports award, experience an honor society
induction, enjoy a theater or musical performance,
or simply be enriched at an assembly with their
peers.

Following an extensive renovation of the PAC over
the summer of 2012 which included new LED House
Lights, Catwalk, and all-digital Surround Sound
System, new Stage Lighting is badly needed to
replace the existing lighting that is original to the
school and sorely outdated.

The digital, remotely-controlled lights will afford
students who operate them an opportunity to get
hands-on experience with state of the art
technology. The new lights will also greatly
enhance the aesthetics of all future performances.
