Re: 2020/0306/T, 9 Willoughby Road

The Hampstead Neighbourhood Forum objects to the felling of a sizeable ash tree. The tree occupies a prominent corner site in the Pilgrim's to Willoughby Road area and has both a significant amenity and biodiversity value. The proposal therefore is contrary to Hampstead Neighbourhood Plan Policy NE2: "Development will protect trees that are important to local character, streetscape, biodiversity and the environment."

We recommend that Camden refuse this application.

Sincerely,

Janine Griffis  
Chair, Hampstead Neighbourhood Forum
