Re: Planning Reference 2021/2320/P, 15-17 South End Road

Dear Jaspreet,

Many thanks for forwarding us notice of this application.

We do not object to the proposed location of the air conditioning units but are concerned about possible noise pollution affecting the amenity of those living in this densely populated mews. We cannot tell from the materials supplied how noisy the air conditioning units will be but would ask that Camden consider this issue carefully before approving this application.

Noisy equipment would be contrary to DH1 of the Hampstead Neighbourhood Plan, which requires new development to protect the amenity of neighbours.

Thank you for your consideration,

Janine Griffis
