

A Green New Deal for New York

Less Testing. More Teaching.
FULLY FUND PUBLIC SCHOOLS

VOTE GREEN PARTY
HOWIE HAWKINS
FOR
GOVERNOR

BRIAN JONES
FOR
Lt. GOVERNOR

Living Wages for All Workers

\$15 minimum wage, indexed to productivity

Single Payer Health Care

Publicly funded by progressive taxes. No premiums, co-pays, or deductibles. Just health care.

Public Jobs for the Unemployed

A locally planned, state funded WPA-style jobs program to employ unused labor to meet community needs in public works and services.

Progressive Taxes and Budgets

By restoring the more progressive tax structure NY had in the 1970s, we can fully fund public schools and colleges, restore revenue sharing with local governments, cut regressive local sales and property taxes, and build the infrastructures and services of a Green New Deal.

Quality Public Schools

Opt out of high stakes testing, Common Core, privatization, and union-busting. Opt into fully funded, desegregated schools, tuition-free from pre-K through college.

100% Clean Energy by 2030

Ban fracking. Phase out nukes. No new fossil fuel infrastructure. A state bank and public power for job creation in green industries, including a Smart Grid linking Renewable Energy, Hydrogen Energy Storage, Mass Transit, Affordable Housing, Clean Manufacturing, and Organic Agriculture.

HOWIE HAWKINS, a resident of Syracuse, is a Teamster who unloads UPS trucks at night. He finished third in the 2010 Gubernatorial election.

BRIAN JONES is an educator, activist and socialist in New York City. He taught elementary grades in New York City's public schools for nine years.

Greens takes no corporate money. Volunteer and donate www.howiehawkins.com.
