

## HUNTINGTON LIGHTHOUSE PRESERVATION SOCIETY

*An all volunteer, 501-C3 not-for-profit organization dedicated to preserving and maintaining the Huntington Harbor Lighthouse. Built in 1912 and fully manned until automated in 1949. Over the following decades, the unoccupied structure deteriorated and was scheduled for demolition. However, 1985 brought out a community group who "saved" the lighthouse and ultimately formed the Huntington Lighthouse Preservation Society. With your membership and support, preservation/maintenance can continue.*
