Hi, my name is _____ and I am calling to urge Council Member _____ to vote YES on Int 1536 when it reaches the council. As a student of _____ and a New York resident, I believe that (share why you think the bill is important). This bill would require the Commission on Gender Equity (CGE) to include information about Title IX compliance in the City and in schools in its annual report and also require CGE to report on its activities over the previous twelve months, goals for the following year, and recommendations to advance gender equity in the City.
