

Improvers,

Recently ImproveCareNow held a community wide webinar on consenting in the age of telehealth. The resources we shared in that meeting can be [found here](#) on our website so that you can access them at any time. (Note - a new FAQ document will be posted by next week). The webinar also raised a broader need for eConsent permissions to be turned on for various ICN centers. We are happy to help you with this and will process these requests in **quarterly batches**. To have your center participate in the first group, see below:

IF YOU WOULD LIKE YOUR CENTER'S REGISTRY ECONSENT TURNED ON, PLEASE FOLLOW THE BELOW INSTRUCTIONS:

You **must** send a request and the following documentation for eConsent to be turned on.

If you rely on Cincinnati Children's Central IRB:

Please reply to this email and send us the following:

- a PDF copy of your consent form, along with any guidelines if consent varies for pediatric and adult patients
 - **IMPORTANT:** Please make sure consents are good through **June 30, 2021** to ensure you will be in compliance for the next fiscal year.
- your PI's name, email & phone number
- email address that the confirmation message will come from – the process itself includes sending patients an email to confirm the consent, most centers have a shared email address for their department that they use

If you rely on your local IRB:

- First, check your protocol to make sure you are allowed for eConsent.

If yes, then please reply to this email and send us the following:

- a PDF copy of your consent form, along with any guidelines if consent varies for pediatric and adult patients
 - **IMPORTANT:** Please make sure consents are good through **June 30, 2021** to ensure you will be in compliance for the next fiscal year.
- your PI's name, email & phone number
- email address that the confirmation message will come from – the process itself includes sending patients an email to confirm the consent, most centers have a shared email address for their department that they use

Please send all documentation to info@improvecarenow.org
