Sponsorship Opportunities

Intentionally Designed Roundtable at Total Impact Philadelphia

*May 2, 2019, Philadelphia, PA*

The Intentionally Designed Endowment Roundtable at Total Impact Philadelphia will answer the questions of CIO’s, CFO’s, trustees and other endowment fiduciaries about aligning endowment investments with institutional mission. We will leverage IEN’s Roadmap for Intentionally Designed Endowments to structure the conversation. Through this framework, participants will explore specific areas of relevance to their endowments, including fiduciary duty, financial returns, mission-alignment, and stakeholder engagement.

The event will be designed around the burning questions and desired outcomes of participants, so that participants will have the chance to discuss the particular challenges and opportunities at their campuses and will leave the workshop with concrete examples of how their peers are investigating and advancing this topic on their campuses and with actionable next steps on creating intentionally designed endowments at their institutions.

Sponsors will provide critical support to make this important dialogue possible. There are four levels of sponsorship available:

**Gold - $10,000 (IEN Member rate: $5,000)**
- Opportunity for a five minute opening remark
- Large logos presented in second section of conference materials
- Logo/name listed on all electronic signage
- Recognition on sponsorship welcome slides

**Silver - $5,000 (IEN Member rate: $2,500)**
- Medium logos presented in third section of conference materials
- Logo/name listed on all electronic signage
- Recognition on sponsorship welcome slides
Bronze - $2,500 (IEN Member rate: $1,000)

- Small logos presented in bottom section of conference materials
- Logo/name listed on all electronic signage
- Recognition on sponsorship welcome slides

All sponsors will be highlighted in the summit materials and other communication mediums used for the summit and have the opportunity to share their experience and expertise in an educational way with participants throughout the program’s highly interactive dialogue sessions. However, sponsorship does not guarantee a formal speaking role on the program agenda.

About the Organizer

The Intentional Endowments Network is a non-profit peer learning network of colleges, universities, and other mission-driven institutional investors working together to achieve their risk and return objectives through investment actions that create a thriving, sustainable economy. As of March 2019, our network of nearly 160 members included endowments, asset management and investment consulting firms, nonprofit partners and individuals.

DISCLAIMER: Sponsorships do not imply endorsement of sponsors’ products or services by IEN, or their partners and affiliates. Sponsorship does not include decision-making authority over the program design or content.
