2020 HIGHER EDUCATION CLIMATE LEADERSHIP SUMMIT

FEB 23-25 ATLANTA

PARTNERSHIP OPPORTUNITIES
MAKE 2020
A TRANSFORMATIVE YEAR
FOR CLIMATE ACTION

Scientific consensus is that our lives and those of future generations will be severely impacted unless actions are taken to reduce emissions. Don’t miss this opportunity to explore ways to scale local climate leadership to meet the global goals by working across institutions and across sectors.

To discuss the possibilities of partnership, please contact

Eric Howard, Director of Strategic Partnerships, Second Nature at ehoward@secondnature.org or 617-431-3175
Hannah Bowen, Network Manager, Intentional Endowments Network at hannah@intentionalendowments.org

PARTNERSHIPS ARE AN ESSENTIAL COMPONENT TO MAKING THE SUMMIT POSSIBLE.

Businesses, advisors, governments, foundations and nonprofits collaborate in many ways with campuses and each other through our network activities, including the Summit. We are expecting over 400 participants to discuss the urgent and unprecedented actions we can take to stave off the worst impacts of climate change. At our highly interactive Summit, participants are encouraged to work together to find new solutions and partnerships, launch new initiatives, and generate publicity around this work.
