Addition information:

I believe I will be a good representative for the state of Iowa. I am a lifelong resident of Iowa and voted for Nixon in 1972, the first year I could vote. While I maintain my independence I do believe that having a clear choice as we do for this election, our National Convention is not the place to promote individual agendas that could cause splits in the party. This year, maybe more so than any other, we need to unite behind President Trump and all of our Republican candidates, even though we may differ on certain issues. I proudly support President Trump along with all of our Republican candidates and will do so at the convention.
