*** INTEREST IN SERVING AS A DELEGATE**

The Republican party exists to organize resources to win elections. I am interested in supporting President Trump's election through the national party which will also support Joni Ernst and our other candidates in Iowa. I would work at the convention to preserve Iowa's first in the nation caucuses, much of which is done through relationships with delegates and National Committee members.

*** PREVIOUS CONVENTIONS**

I have attended over 15 county, district and state conventions while living in Des Moines and 2 county, district and state conventions while in the first district. I was a delegate to the 2000 National Convention while Party Chairman.
