

2017 Annual Corporate Sponsorship

Sponsorship Term: January 1, 2017 to December 31, 2017

With your sponsorship you will be helping the IOA Advance the organic industry through various projects that will educate the public and policy makers on the benefits of organic agriculture, and help fund research projects that will advance organic production. This year some of your support will be used to host transitioning to organic workshops, organic field days, a summer harvest celebration, and state and federal level policy work. We will facilitate a growing and connected organic community through monthly e-newsletters and community building projects. THANK YOU IN ADVANCE FOR YOUR SUPPORT!
