

Workshop on the spiritual and environmental value of trees

When: Saturday May 12th at 10:30am

Where: Miller's Grant in the Learning Center
9000 Father's Legacy, Ellicott City

Creation Care Ministry

www.demdsynod.org

Miller's Grant has received 200 shade trees from the DE/MD Synod's Creation Care Ministry to be planted as part of their campus' reforestation areas.

What does our faith tradition/scripture/sacred text teach about God's Creation and our role in caring for it?

Come learn about the healing power of trees for our earth and for our spiritual lives. How do trees contribute to earth stewardship? The hour long work- shop will be led by Kolya Braun-Greiner from the Interfaith Partners for the Chesapeake.

All generations are welcome!

Attending congregations may pick up free native trees If they order them in advance. Contact: Laura Heller at lheller1@msn.com
