for Inquisitive 9-13 year olds

**August 5 - 23**

Explore the world of Harry Potter as an allegory for the ways real people stand up to evil. Create some real world magic and make your own movies!

*What can you do about the Draco Malfoy in your class? Do you know about people who have resisted/are resisting powerful evil forces in the real world? Practice being a magical human even if you are not a wizard or a witch!*
