Dear Families,

Simeon will be launching a special initiative on our campus beginning July 8th-July 18th. The newly created Career Technical Education (CTE) Summer Camp is marketed to **rising** 6th, 7th and 8th graders with the intent to pique their interest in multiple career pathways that can further enhance their academic endeavors. For two weeks, students will have the opportunity to participate in one CTE pathway of their choice, where they will learn theory that they can apply to hands on activities, which can be implemented into their everyday lives. To close out the summer program, students will come together from all five pathways and complete a small presentation on what they learned in the new CTE summer camp.

To fully take advantage of and benefit from the CTE Summer Camp your student has to commit to the following:
