Early Poll Reveals Wesson Failing in his LA County Supervisor Race

Unprecedented levels of Corruption at City Hall Turn Voters Away

Los Angeles, Calif., (September 3, 2019) – A survey conducted between June 4-6, 2019, indicates that 60% of voters are less likely to vote for City Council President Herb Wesson for Los Angeles County Supervisor after being informed that [his office is being investigated by the FBI](#) and the U.S. Department of Justice as part of a probe into corruption at City Hall.

“What this poll tells us is that Herb has a campaign which is a non-starter as far as the voters in 2nd Supervisorial District are concerned and they clearly see him as responsible for the culture of corruption at Los Angeles City Hall,” Said Eric Hacopian consultant to former Councilwoman Jan Perry’s campaign for Supervisor.

This survey was conducted well before the recent FBI raids on the LA Department of Water and Power and the City Attorney’s office. It seems likely that this scandal will grow rather than recede over the next few years particularly as the FBI continues its investigation.

The survey was conducted by Douglas Fulmer & Associates on behalf of the Jan Perry for Supervisor campaign. Results are drawn from 416 interviews with registered, likely March 2020 voters, yielding a margin of error of roughly plus or minus 5%. Fielding was completed using both cell phone calls and interactive Voice Response (IVR) contacts with voters that have land lines listed in their voter files.

RE: Impact of FBI Probe on Voter Attitudes About Herb Wesson

Fully 60% of likely voters in L.A. County's 2nd Supervisor District would be less likely to vote for Herb Wesson for County Supervisor after being informed that "his office is being investigated by the FBI and the U.S. Department of Justice as part of a probe into corruption at City Hall."

One of the candidates for County Supervisor is L.A. City Council President Herb Wesson. His office is being investigated by the FBI and the U.S. Department of Justice as part of a probe into corruption at City Hall. Does knowing this make you less likely to vote for Wesson, or does it not affect your vote one way or the other?

	%
<i>Less likely</i>	60
<i>Does not affect vote</i>	23
<i>Not sure</i>	17
