Hey there, come join our team and help us build a better world.

This is a brilliant opportunity for someone looking to play a key role in a small but influential charity building a positive legacy for the late Jo Cox MP. We are looking for someone with excellent operational and financial acumen, a compassionate and generous approach to leadership and a genuine commitment to equity, diversity and inclusion to help shape the future of the Foundation as part of the leadership team.

ABOUT THE JO COX FOUNDATION

The Jo Cox Foundation was established in 2016 by the friends and family of the late Jo Cox MP. The Foundation exists to build a positive legacy for Jo and to create something positive from the tragedy that was her murder. Just as Jo did, we believe in working

together effectively with individuals and organisations that share the belief that we have more in common than that which divides us.

Our mission is to build stronger communities, a better public life and a fairer world in Jo's name. To date, our campaigns and initiatives have addressed a broad range of issues including tackling loneliness, reducing abuse and intimidation in public life and preventing atrocities in conflict-affected countries. No one day is ever the same as the next!

We are a close-knit, passionate and dedicated team. Whilst we work hard, it's incredibly important to us that we have fun and look after ourselves and each other too.

ABOUT THE ROLE

In the past 2.5 years, the JCF team has tripled in size to 17, our budget has grown by 150% to £850,000 income in 2021, and our projects and impact have expanded significantly. At almost 5 years old and under the leadership of our new CEO, Su Moore, the Foundation is entering into an exciting new phase of growth as we continue to build a positive legacy for Jo.

The Head of Operations and Finance will lead the Finance, HR and Operations functions of the JCF, ensuring that the Foundation is legally compliant and following best practice in all areas of responsibility including employment, data security and financial accountability. You will manage and maintain all aspects of the charity's two offices and identify, develop and maintain best practice management and operational policies and processes that reflect the ethos of the Foundation.

Leading by example, you will coach, manage, develop and support Jo Cox Foundation team members, volunteers, contractors and stakeholders and ensure adherence to all management and operational policies.

Working closely with the CEO and Board of Trustees as part of the leadership team, you will support the CEO with the development, maintenance and delivery of the overall business plan, ensuring associated budgets are in place.

Working collaboratively as part of a talented, committed and passionate team, you will ensure that all work undertaken by yourself, our team and volunteers is focused on the mission and the strategy of the organisation.

ABOUT YOU

You will have significant experience in financial and operational management, ideally within the charity sector, and a passion for building sustainable, inclusive, effective and compliant organisational systems and processes.

In addition, you will have strongly held personal values which align with The Jo Cox Foundation's vision and Jo's 'more in common' ethos. These will be reflected in your respect for others and the desire to make a truly positive contribution through your work.
