## Welcome to... the Small Shops Directory - Second Edition!

*We all know how important our small shops are to Herefordshire. They give the county so much of its character, diversity and charm, and they keep people spending within the local economy. At a time when the big chains are pulling back, our small shops are a vital resource.*

This Directory lists almost 200 small shops nominated by Herefordians as their favourites. It has been very generously sponsored by local printers ABC Print and graphic designers - the naked creative.

The first edition of the Directory was quickly snapped up. For the second edition, we have

reformatted it and listed the shops by category, to make it easier to use. However, many fantastic local shops have not yet been nominated. If you want to nominate one, please get in touch. I'd also really appreciate your feedback on the Directory, and ideas for how we can improve it still further.

And finally, if you'd like further copies, please let me know. We need to give our local shops all the publicity, recognition and local pride that they and our wonderful county deserve.

Thank you.

Jesse Norman
