WHAT

The City of London is hosting a community information meeting and workshop to guide the City-initiated change in zoning for the former Lorne Avenue Public School property. Your participation at this event and comments will help City staff prepare a Zoning By-law Amendment to permit the reuse and redevelopment of a portion of the property for a neighbourhood park and a potential range of new land uses complementary to the neighbourhood. City staff will provide a brief presentation at this meeting and be on hand to answer questions. There will also be a workshop session to facilitate a discussion about the location, size and features in the park and the types and forms of new land uses to be permitted on the remainder of the property.
