Dear Rev. Duncombe,

I will join you on September 6th in a day of fasting and prayer in support of our common call for immediate and unconditional debt cancellation and in preparation for the October Week of Global Action against Debt and the International Financial Institutions.

In so doing I wish to affirm that we, the peoples of the South, are not debtors but rather creditors. That it is not just to pay an immoral and unjust debt that is an affront to God and to the life of our peoples, and that instead of spending billions of dollars for destruction and death through wars and the promotion of conflicts in diverse parts of the world, the powerful countries should pay what they owe to the exploited and impoverished peoples of the world.

I wish you much strength and hope in your public witness of fasting, to carry forth the just call for a more just and fraternal world for all.

Peace and Wellbeing,
