

Prayer for Puerto Rico

Today marks the six month anniversary of Hurricane Maria and the devastation that it brought upon our neighbors in Puerto Rico. In the midst of this continued crisis, we both grieve the devastation and loss of life that occurred, and recognize the ways in which you God are present even in these difficult times.

As we consider the many needs of the people of Puerto Rico, we pray for mercy, comfort, and relief for our brothers and sisters in Puerto Rico at this time. We ask for restoration of power, electrical and that which allows for independence.

As people of faith, we will continue to outstretch our arms in support and ask for the help that is beyond our mere means. We pray for the hearts and minds of those in power, that they too might see the needs of your people, and view Puerto Rico with eyes of compassion. We are standing with Puerto Rico.

Thank you, oh God of many names, for the hope that leads us onward. Amen.
