

April 7th, 2021

Mario Draghi
Chairman of the G20
President of the Council of Ministers
Piazza Colonna, 370
00186 Rome Italy

Chairman Draghi,

As COVID-19 takes lives, impacts jobs, affects healthcare and drives a global economic crisis, we the undersigned urge the International Monetary Fund, the G20 and White House to:

- Cancel debt and expand debt relief for developing countries to bolster healthcare, protect the vulnerable, workers and the environment as they confront COVID-19
- Mobilize additional resources to support all countries impacted by the economic and health impacts of the coronavirus through increased grants and development bank support, emergency reserve funds known as Special Drawing Rights and sales from IMF gold reserves
- Improve debt restructuring, issue debt payment moratoriums and create expedient debt reprofiling processes for countries impacted by the coronavirus
- Support all countries to emerge from the crisis with more resilience by encouraging policies and agreements to increase protections for the vulnerable and that protect our planet, instill greater public budget transparency, implement financial crisis and market protections, promote responsible lending and borrowing and curb corruption and tax evasion

Sincerely,

260 Letter Signatories as of 4/7/2021
