GOVERNMENT
SHADOW MINISTER FOR EMPLOYMENT SERVICES
MEMBER FOR FRANKLIN**

MEDIA RELEASE

GEEVESTON MEN'S SHED SET TO BENEFIT FROM A NEW FLOOR

The Federal Member for Franklin, Julie Collins, has visited the Geeveston Men's Shed to hear about their plans for the future.

Ms Collins said the visit was a fantastic opportunity to learn more about what services the Geeveston's Shed provides to the community.

"Men's sheds offer social connection and positive opportunities for men to work together and the Geeveston's Shed is a great example of this," Ms Collins said.

Whilst visiting the Shed, Ms Collins was also interested to hear about the Geeveston Men Shed's plans for expanding their facility.

"It was great to hear the Shed had been successful in receiving a \$7000 grant to help them build a new floor," Ms Collins said.

"The Shed is now looking for a retired builder to advise on how to construct the new floor, which will be a great addition to the Shed.

"Men's sheds are at the centre of many Tasmanian communities so it's great to see the Geeveston Men's Shed going from strength to strength."
