

A Lantern Walk to Celebrate

The Malden Hospital Legacy -- Past and Future

Saturday evening, June 4, a Lantern Walk around Fellsmere Pond will remember and celebrate the extraordinary Malden Hospital legacy of great benefit to the people of Medford and Malden for over 100 years.

The Lantern Walk will also mark the start of a campaign by people of both communities to give new expression to that legacy through the use, if possible, of a portion of the 18-acre site and perhaps the hospital building itself for a wide range of much needed community services.

In the November referendum question about the site, Malden voters by a 3 to 1 margin called for acquiring that site to continue the Malden Hospital legacy of service to the community. At the Lantern Walk plans will be announced by which the people of Malden and Medford can rally together to achieve that goal.

Activities at the pond will appeal to all ages -- lantern making, hot dogs, face painting, sparklers, a youth adult scavenger hunt, a 3 legged race and a short program of speakers including: a former Malden Hospital administrator, a spokesperson from Friends of Fellsmere Heights (FoFH), and a spokesperson for YODA (Young Optimistic Daring Activists).

Two lantern making workshops will be offered prior to the walk itself to make lanterns which people can buy with a suggested donation that evening.
