

### **Biography**

Kathie Glass is a Texan, patriot, wife, mother, lawyer, self-made woman, and business owner. She was born in Buford, Georgia. The first person in her family to attend college, she worked her way through college and law school at the University of Georgia. On 7/7/77, Kathie came to Texas, where she met and married Tom Glass, a Texas Aggie. They have two children. Kathie ran for governor as a Libertarian in 2010 and 2014 and for attorney general as a Libertarian in 1982.

Kathie wants to be governor to defeat two threats to our liberty – an out-of-control federal government and cronyism. Only Texas can stop the destruction of our Constitution, liberty, and economy. But only if Texas is led by a governor who is not a crony and has a vision, a plan, and the guts to see it through. Cronyism steals our tax monies for favored businesses, our water for developers, and our land for toll roads and pipelines. It subverts our schools. It benefits the rich and powerful at our expense.

### **Platform**

Most of Texas' problems have been imposed on us by Washington, D.C., but Texas must resist those assaults while we put our own house in order. Texas needs a governor who comprehends all the powers available to the office and, most importantly, has the will to use them. Kathie's Five Point Plan for Texas Independence will restore sovereignty, liberty, and fiscal sanity to Texas:

- ★ **Enforce the Constitution against unconstitutional acts.** Obamacare, NSA spying, BLM land grabs, EPA – it's a target rich environment! Greg Abbott thinks that filing a lawsuit or changing the Constitution is standing up to the federal government. That is a proven failure to protect Texas business and individuals. ***Don't sue the buzzards -- arrest them!***
- ★ **Restore fiscal sanity!** Aggressively use the line item veto. Replace or do without the 35% of our budget we get from DC. Promote sound money before the dollar collapses. Send the Texas Rangers to get our gold from New York. Slash our budget 50% - taxes and spending (putting us where we were when Rick Perry took office). End property taxes and franchise taxes, and NO income tax. Opt out of Medicaid, using the savings for services we choose. No taxpayer-funded services for non-citizens.
- ★ **Defend property rights!** Defeat BLM land grabs. End eminent domain. No toll road boondoggles, public private partnerships, and other forms of cronyism. Resist efforts to disarm Texans. Defend water rights from theft by federal, international, state, or local authorities or private entities using government.
- ★ **Restore Texas sovereignty.** Act as the sovereign we are under the Texas and federal Constitutions. Use a revitalized Texas State Guard, under total control of the governor, to secure our border, provide disaster relief, and be ready to do what a state militia must do in today's world. As in times past, craft a made-for-Texas guest worker program including an agreement to refuse taxpayer-funded services. Protect our grid. Secure our civil liberties by demanding closure of the NSA superspy center in San Antonio.
- ★ **No FedLedEd!** Our Texas Constitution mandates efficient public schools for the purpose of preserving the liberties and rights of Texas citizens. But a tyrannical federal government assisted by cronies at all levels has corrupted the process. Parents, teachers, and local and state authorities have little control of our childrens' education. No Texas taxes for FedLedEd.
