# Our mission

The National Alumnae Association of Kappa Phi Lambda Sorority aims to sustain the lifelong bond of Sisterhood and engage Sisters after graduation. It serves as a community for alumnae to connect by providing a social network as well as professional resources. The Association recognizes and celebrates the personal achievements and milestones of our Sisters, while promoting the pillars and advancement of the Sorority.

# Why us?

## We Hear You

---

How many of us expected a clear guide on how to connect to alumnae? What about having a voice in the sorority? We deserve that.

## We Work For You

---

Until the Association, it's been up to each individual sister to define her post-grad experience alone. Let's do it together and make it better.

## We Are You

---

We are students, professionals, wives, mothers, partners, travelers, foodies, and more... there is so much we have to offer each other!

## We Need You

---

In order to advocate for alumnae needs, we need your presence and support. This is for you and for all of Kappa. Every little bit counts!

## The Challenges

How is this supposed to “help” me?

**What is my \$50 used for?**

Who are these people running NAA?

When am I going to see results/events/something?

What can I expect from NAA in the future?

# Our Solution

Working together, because  
sisterhood is forever.
