Committed to improving parking across Eastlands

Matt realises the importance of parking and road safety in Eastlands. For too long now, areas like Temple Street and Cromwell Road have been hard to access for residents.

These are built up areas in Eastlands but the Conservative and Liberal Borough Councillors have failed to deal with the constant parking issues which are now becoming a significant problem.

Matt will take direct action on this by insisting that more parking spaces are provided for built-up areas. He will also work with fellow Labour Borough Council members to make sure parking and traffic issues around Lower Hillmorton Road and the temporary GP surgery are tackled.

This has been Labour policy for years and yet the Liberal Democrats have tried to take credit for this. Matt will make sure that residents concerns over parking are met.

Committed to communities in Eastlands

Matt is committed to communities in Eastlands. He realises the importance of providing safety and security for its residents.

Residents deserve best possible support. For too long they have been neglected by the Lib Dem councillors. Matt will make sure this area is clean, green and safe.

There are real issues of socio-economic deprivation in this part of the town and Matt is determined to tackle this head-on. Also, it is important to Matt that parks and memorials are protected.

This is particularly the case with the recent vandalisation of the war memorial in Whitehall Recreation Ground.

Matt will always make sure that Eastlands parks and monuments are protected. He is proud of areas like Winfield Park and will work with Fields in Trust to make sure it is protected for future generations.

I am committed to improving road access and safety across Eastlands.'

Matt's Pledges to You

CARING FOR COMMUNITIES IN EASTLANDS
Matt will stand up and protect the most vulnerable people in Eastlands. Everyone deserves security in their homes.

TACKLING CRIME AND ANTI-SOCIAL BEHAVIOUR
Matt will look to tackle the issues of crime and anti-social behaviour that have been affecting the area.

OFFERING A REAL ALTERNATIVE ON THE COUNCIL
Matt will look to provide a real choice instead of the failures of both the Conservatives and the Lib Dems in Eastlands.

DEALING WITH RUBBISH AND FLY-TIPPING
Matt will deal with the consistent problem of fly-tipping that has taken place in the Little Church Street area of Eastlands.

AS PART OF A LABOUR-LED COUNCIL MATT WILL...
make sure that the parks, memorials and green spaces in Eastlands are protected.

fighting for real change in eastlands

Matt offers a real change in Eastlands and a fresh start. This is the case because the defending borough councillor Dale Keeling recently switched from the Liberal Democrats to the Conservative Party.

This shows not only that Councillor Keeling betrayed his Lib Dem voters but that there is no real difference between the two parties.

Labour offers real alternatives and will never sell out the people of Eastlands ward.

For the many, not the few across Eastlands and Rugby
