

**Motion submitted by Des Heemskerk regarding the re-introduction of a Branch
/ Delegate structure for this Constituency Labour Party**

Rochford & Southend East GMC instructs the R&SE Executive Committee not to proceed with its proposal for a delegate structure for this year's AGM. Before any proposal to move away from all member meetings is considered the branch structures should first be re-invigorated and affiliates informed and given time to consider appointment of delegates. As proposed boundary changes are being considered for implementation in 2018 a delay in consideration of a possible delegate structure will allow for any new parts of the constituency to organise branch structures.
