Dear Sharon,

**Re: Rolton Kilbride Planning Application**

I refer to your letter dated 22 January 2018 sent to the Chief Executive regarding the gasification plant planning application and querying whether due diligence is being observed in relation to the company submitting the planning application, Rolton Kilbride.

I can advise that planning permission runs with the land not an individual or company. The financial history or personal circumstances of an individual and/or an associated company is not a material planning consideration and as such the Local Planning Authority would not have regard to such information in the decision making process.

Yours Sincerely

Les Clark
