**"I want to make Hatfield the place it
can be and give you a Council you can
be proud of. With your support on
3rd May, let's make it happen"**

Re-elect Kieran Thorpe
Standing up for Hatfield South West

I've been a Councillor since 2009, and I've seen how the Borough Council is stuck in the same failed ways of doing things. It's been 16 years of the Conservatives in power and it's just not working for residents paying more - for less.

I grew up and live here in Hatfield with my family. I work here too. I care about where I live and that's what keeps me going. You don't have to have rose tinted glasses to know that many things in Hatfield were better in years past. There's no reason why things can't be better again.

WORKING HARD FOR HATFIELD

It's not negative politics to point out the obvious. Hatfield is a low priority for the Conservative Council and they've displayed their neglect time after time throughout their 16 years of being in power.

Roads full of potholes, litter not cleared up (save for when residents do it themselves), nothing meaningful done to stop family homes being turned into houses in multiple occupation and always these problems - and more are left to get worse while their attention and your money is spent elsewhere.

**After 16 years it's clear that only a Labour Council
will stand up for Hatfield.**

ARE YOU HAPPY PAYING MORE FOR LESS?

It doesn't have to be this way

The Conservatives keep cutting our local services and expect you to pay for it. Council Tax has increased again while services are being cut.

Astonishingly they managed to find enough money to award themselves with a 68% pay increase last year. If you pay more, you should get more. Not less.

Tories have locked you, the tax payer, into bad contracts that produce failing services. We believe that any service that you pay for should work in your interest. We've had enough of missed bin collections, failed leisure facilities and your Council Tax being used to bail-out private companies. It doesn't have to be this way. You deserve a Council that listens to you and that acts in the interests of the many, not the few.

LABOUR – YOUR VOICE ON THE COUNCIL.

Just imagine what we
could do together

We listened to residents complaints about problem parking and damaged verges and are forcing the Tories to consult residents on measures to fix this.

We listened to residents concerned about growing rat problems, and demanded the Conservatives increase pest control measures. Labour Councillors also voted against the Tory Bin Tax and increases in Council Tax.

But there's so much more to do. A Labour Council will, from day one, start to rebuild your public services and provide you with value for money.

For a Council that stops dithering and starts delivering, vote Labour on May 3rd.

TORIES VOTED FOR...

- ➡ 68% Payrise for Conservative Councillors
- ➡ Increasing your Council Tax whilst cutting your services
- ➡ A local plan that places too many homes in the wrong places, with no infrastructure to support it

**LABOUR COUNCILLORS LISTENED
TO YOU AND VOTED AGAINST
THESE OUTRAGEOUS POLICIES.**
