Alan Butcher

Alan's 5 pledges
to you

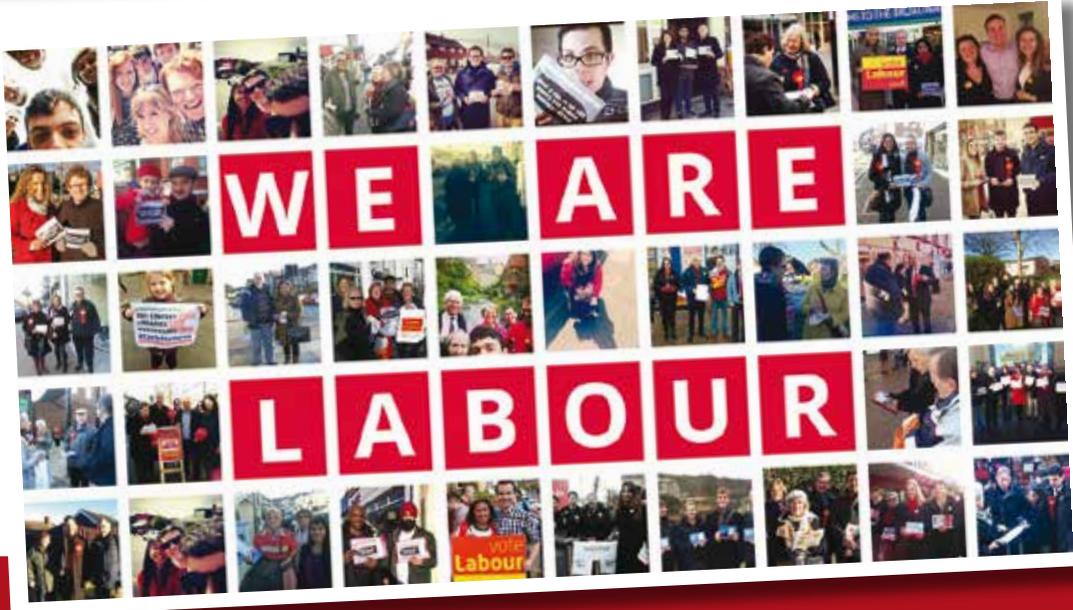

Defending the NHS

A personal message
~from Alan

vote  **Labour**
THURSDAY 8 JUNE

Standing with you, standing up for you

Working for **Bognor Regis and Littlehampton**

Cuts imposed on our NHS, Education, and Social Care harm us all, especially those most vulnerable.
We need real change.

Alan's personal message

We need an MP that will stand with local campaigns, organisations and people – I will not be just a post-box in Parliament.

I was Leader of the very successful majority Labour group at the Littlehampton Town Council and have been involved in many campaigns defending local amenities like the theatre and Post Office. Recently I also led Labour's local Health Plan, which outlined failures, questions and solutions to provide much better health services now and in the future.

I have always stood by our local community and joined those calling for an end to cuts from the damaging "austerity" ideology.

As your MP I will:

- 1** **Vote** to properly fund the NHS, Social Care and Education and for investment in our economy, transport and energy.
- 2** **Vote** to guarantee the triple lock on the state pension.
- 3** **Vote** to bring the failing Southern Rail franchise under public control immediately and to renationalise the whole network.
- 4** **Vote** to abolish the bedroom tax and tuition fees and against income tax increases for those earning below £80,000 a year
- 5** **Vote** to divert funds allocated to grammar and free schools to education for all children as a first step to fair funding.

Rebalancing Our Economy

Labour will invest in a low-carbon, digital, high-skill economy and introduce a 20-point plan to strengthen workers' rights, including: ending the public sector pay cap; banning zero-hour contracts and unpaid internships; and extending workers' rights to the self-employed. We will rigorously fight against exploitation.

Save our NHS

We will guarantee access to treatment within 18 weeks and reduce A&E waiting times to less than 4 hours, with a commitment to over £8 billion extra annually. I will vote to reverse NHS privatisation, address widespread GP shortages and improve commissioning of local services.

Labour's Plan ..

This General Election offers a rare opportunity to achieve significant change in our country. No longer an economy rigged in favour of the few at the cost of the many, and a Brexit negotiation shaped by Labour's vision for a fair deal for the many.

We're backing Alan because...

Our current MP and Schools Minister has let us down at every stage. Alan is passionate about education and will stand up for our children.

KELLY MORRIS
Co-ordinator of a local Fair Funding for all Schools parents' group

Labour is clearly the leading progressive party in this constituency and Alan's honesty and integrity make him the best person to be our next MP.

SIMON MCDUGALL
Former Lib Dem Opposition Leader at Arun District Council

With Alan's long record of serving this community as a councillor and campaigner, he will stand alongside local people, and represent them properly in parliament.

BARONESS ANGELA SMITH
Shadow Leader of the House of Lords

I'm impressed by his integrity and local knowledge. Labour is a natural choice for a 'Green' now. To remove the Tory we must Vote Labour.

DAVID MEAGHER
2017 County Council Candidate Green Party
