Supporting our postal workers

Last week I joined postal workers at Camberwell delivery office to thank them for all their hard work throughout the year and especially during this busy Christmas period when they will be delivering to 57,600 local addresses!

Welcome Home Rebecca Prosser!

After 5 months of detention in an Indonesian prison Camberwell journalist Rebecca Prosser finally returned home to her family on the 11th November.

Rebecca and fellow journalist Neil Bonner were arrested by the Indonesian Navy while filming a documentary about piracy in the Malacca Strait. They were doing their jobs and were not criminals.

I pressed for Rebecca’s release and met with FCO Minister Hugo Swire MP, the Indonesian Ambassador H.E. Mr. Thayeb and asked the Secretary of State at Foreign and Commonwealth questions to do all he could to support Rebecca whilst she was detained and to ensure that she was allowed to return home.

On her return I was delighted to welcome, Rebecca, her family and Neil to Parliament for tea.

Visit to St Mary Magdalene CofE Primary School

Head teacher Jennifer Parris invited me to visit following their International School award by the British Council. It was given for their commitment to providing a rich and creative range of international work to the curriculum.

As part of my visit I was invited to speak with Key stage 2 pupils as part of their inspirational speaker’s programme and I was given an excellent tour by year 6 pupil and chairperson of the school council, Toluwani. Before I left I also joined the whole school assembly for a Q&A session.

I also got the chance to catch up and chat with Parents in the school playground.

Supporting Junior Doctors at Kings College Hospital

Before the suspension of the BMA’s planned strike action in December, I visited Kings College Hospital to meet with some of the junior doctors to show my support. They broke away from their vital work to tell me how Jeremy Hunt’s imposition of a new contract would mean their pay would be cut.

I met with a paediatrician, an anaesthetist, a psychiatrist, a geriatrician & a medical registrar, these, and many others are the doctors that at any time we or our families will need. We should be falling over ourselves in gratitude to the junior doctors who work at Kings.

These are just some of my activities. For further information about my work in the constituency please see my website www.harrietharman.org
