Penguin Habitat Revegetation 2019

Cooee-Camdale Coastcare is undertaking weeding and revegetation opposite Young's Veg Shed to provide more habitat for our local penguins.

Erosion during Winter 2018 displaced a large number of penguins who are now struggling to find suitable breeding sites.

Help us to help them.

Where: Opposite Young's Veg Shed, Camdale

When: 1st and 3rd Sundays of the month

—June, July & August

11am start
