

LANGFORD CONSERVANCY

How You Can Help

We are always looking for people passionate about preserving farmland and revitalizing the Langford Schoolhouse as a community hub. If you feel are interested in getting involved, and support our mission, vision, and values, please sign up to volunteer or donate.

In 2017, the Langford Conservancy will be hosting several events and projects. We are looking for people with the following skills:

- Renovations, carpentry, plumbing, electrical, and operating a backhoe: We have received a grant to make the Schoolhouse accessible to all our neighbors and need to get building! We are also looking for in-kind gifts of materials for this project.
- Fundraising and marketing. We are always looking for ways to spread our story and to help raise funds to accomplish our projects.
- Legal and accounting.
- Grounds maintenance. We welcome volunteers to help with caring for the grounds, and the community garden.
- Special event assistance. Can't make a long term commitment, but you want to attend and help at one of our events, let us know. In particular, we welcome volunteers for our annual SOS Fest in late August.
- Social media and website management.
- Photography: for special events and of the Langford Schoolhouse grounds.

In addition to volunteer hours, we are looking for in-kind donations like:

- Kitchen tools and appliances for our certified kitchen
- Folding tables and chairs for events
- Building materials for our accessibility project (e.g. wood for the ramp, bathroom fixtures, commercial kitchen sinks, drywall, sound insulation and paint)

Please email info@lconserv.org for a more detailed list. Charitable tax receipts may be available for certain items.
