David Buxton for MP

ONLY the Lib Dems can beat the Conservatives here...

A vote for Labour or the Greens lets the Conservatives in.

MRP POLLING DATA BEST FOR BRITAIN

It's time for a fresh start in East Hampshire

The Conservatives have let us down locally and nationally. Far from getting Brexit done they are stumbling into years of more Brexit chaos. We could still leave the EU without the trade deals we need, a disaster for Britain.

Jo Swinson's Lib Dems offer a brighter future with £50 billion Remain bonus. Its time to stop Brexit and fix the NHS, Education, build truly affordable homes and fight climate change.

7 new Lib Dem district councillors were elected here in May and **3 Lib Dem MEPS elected** in June. The Lib Dems are **the** alternative to the Conservatives and Labour in East Hampshire.

David Buxton is the Chief Executive of a charitable service provider which supports vulnerable people from across London to access employment, education and training. With over 20 years of senior executive experience, David has led the delivery of national social care and disability services.

Born deaf, David has twice been a Borough Councillor in London and Surrey. He has been recognised as one of Britain's most influential disabled people by The Shaw Trust's Disability Power 100 List.

David has been Vice-Chair of Governors at a large primary school and has vast experience of leading charities and residents' associations. He has a track record of helping those in need.

David says: ***"Our communities deserve so much better than we currently have. I have a strong message of hope for East Hampshire. It's time to end the Conservatives lack of interest in our future and to demand better for everyone in our community."***

Education

Sixth-form colleges have been hard hit by funding cuts.

Education has been squeezed for funds in real terms with overstretched staff and lack of materials.

A good start in life is vital, so our schools & colleges need to be properly funded.

There is no Planet B

The Climate Emergency threatens our planet. Its time for action.

Local Liberal Democrat Councillors got EHDC to acknowledge this. Lib Dems are working cross-party to get practical policies implemented now.

The government doesn't really care, having cancelled policies to build more energy efficient housing.

David Buxton is a Green Lib Dem and will make sure that the strong Lib Dem climate policies are put into action.

Saving our NHS

Our NHS is on the brink and needs investment now. Lib Dems will invest 1p in every pound of income tax to plug the funding gap. **David has detailed and expert knowledge of social care and the NHS.**
