

Guildford Liberal Democrats

I am voting AGAINST a Political Mayor, here are four reasons why...

- **Expensive:** an Elected Political Mayor could cost Guildford at least £315,000 a year extra – which would have to be paid for by budget cuts or council tax increases.
- **Your voice ignored:** an Elected Mayor would be able to make key decisions behind closed doors without having to involve councillors or let residents have their say.
- **Unaccountable:** your councillors would no longer have the power to sack the Leader of the council in between elections if they do a bad job.
- **Less scrutiny:** the campaigners for an elected mayor are saying they'll scrap the committees that involve councillors in the decision process before they are made.
