

**James Catmur has achieved so much as an enthusiastic local Campaigner**  
**Imagine how much he could achieve as YOUR hard-working local Councillor!**

## **A428 Latest - James Catmur writes an update.....**

*News is thin on the ground about the preferred route for the A428. I keep hearing things that might indicate what is going on, but so far nothing is certain or totally clear.*

*The A1 East of England Strategic Study has affected the A428 and this could involve changes to the A1 route around St Neots. Until the next phase of this study is published we are unlikely to hear any major news on the A428 route.*

*The current rumour is that we will hear nothing until the end of this year, which to me suggests that work will probably not start until 2025.*

*I believe that the key thing is that we need to work together to achieve an A428 route that enables safe, easy access from St Neots to Cambridge and does not encourage people to use St Neots' roads as short cuts.*

## **Did you know that EU citizens can vote in this election?**

**For UK local elections, all EU residents on the electoral roll can vote. Town, District and County elections are the only times where EU residents can have a say in their future.**

**The Liberal Democrats are the only party who will guarantee that EU residents will have the right to stay in the UK after Brexit.**

## District Council Budget

Last year the Financial Officer at the District Council warned that the five-year proposed budget for Hunts District Council was not viable. The Lib Dems said the only way we could see to balance the books was to raise Council tax by 2% for each of the next two years.

While we don't believe in tax rises for the sake of it there are now so few possible savings to make that there is no choice.

The Tories disagreed and went for a 1.5% rise instead. This year the Tories have accepted that a 2% increase is needed as last year's rise was simply not enough.

Finally they have seen sense!

**Tories finally  
listen to Lib Dems!**
